PURPOSE OF THE PROGRAM:

The purpose of the "ClimateSmart Burundi: Education and Engagement for a Resilient Tomorrow" program is to empower individuals and communities in Burundi by enhancing climate change education, fostering community engagement, promoting sustainable practices, and advocating for climate-friendly policies.

The program aims to raise awareness, build knowledge, and cultivate a culture of climate literacy while encouraging active participation in climate change mitigation and adaptation efforts. Ultimately, it seeks to contribute to a resilient and sustainable future in Burundi by promoting sustainable practices and establishing partnerships to leverage resources for transformative policies and awareness among policymakers.
